Subject: Section 7 consultation: Leavenworth NPDES permit

Hi Jenny and Jill,

Thank you for the package requesting consultation regarding issuing a NPDES permit for the Leavenworth National Fish Hatchery. As I indicated on the phone, NMFS' current thinking is to analyze the effects of issuing the permit as part of the biological opinion that analyzes the effects of LNFH's spring Chinook program, including the effluent associated with the hatchery operation.

Thank you, and please feel free to let me know if you have any questions or concerns.

Sincerely,
Emi
